Degree Programs

Master of Divinity (MDiv)

Are you eager to serve the church and the world in ways that are transformative? The Master of Divinity (MDiv) degree prepares our graduates for multiple kinds of ministry and community leadership.

Reinvented for Fall semester 2015 to prepare students for the demands of modern pastoral life and faithful community leadership, including in parish ministry, many types of chaplaincy, agencies and nonprofits, for-profit social enterprises, mission work at home and abroad, further study in theology or related disciplines, and other forms of church and service-based vocations. It is the basic theological degree in preparation for ordination.

CTS has re-imagined the Master of Divinity (MDiv) degree program to meet the urgent need for leaders formed in faith, who are prepared to address the educational, social, economic and technological shifts in theology and the church. Traditional MDiv programs were structured around three academic disciplines: theology, bible and history. CTS’ new MDiv program is built on the five practices of ministry, anticipating what pastors and community leaders actually do: inspire, lead, serve, love and live—with the academic disciplines woven into each practice. With this restructured degree come changing degree requirements (72 credit hours), flexible course formats (including weeklong intensives and hybrids of online and on-campus classes), and an emphasis on community life, cohort learning and supervised ministry experiences.

These changes are being phased in over four years, starting with Fall semester 2015. Current students are working with the Academic Dean and Dean of Students to chart a course that is best for each student.

At the heart of the MDiv curriculum is our faculty. They are passionate about teaching. You will find spiritually engaged instructors who bring concrete faith issues into the classroom, along with creative learning strategies that engage and challenge. They are committed to helping each student achieve his or her personal best and are readily available outside the classroom. They hold this same standard of excellence for themselves: their scholarship is recognized across the nation and around the world.

Unique to CTS is the intentional diversity of the classroom experience. Students, faculty and staff represent a wide variety of denominations, races, cultures, ethnicities and theological perspectives. We believe that the interaction created by such diversity enriches every area of instruction, providing a deepened understanding of people and ministry—the best preparation possible for serving today’s church and world.

Highlights

Students may elect in a second year of supervised ministry to participate in Clinical Pastoral Education. We assist students in applying for CPE and are conveniently located near two major CPE sites: St. Vincent Hospitals and Indiana University Health Hospitals.

Students can take advantage of our extensive counseling program and center, either by taking additional classes, applying for a joint MDiv/counseling degree, or availing themselves of low-cost counseling services.

CTS offers special courses required for ordination by several denominations, including the Christian Church (Disciples of Christ); the Presbyterian Church (USA); the United Methodist Church; the United Church of Christ; the American Baptist Churches, USA; and the African Methodist Episcopal Church. Most of these courses count toward graduation as general electives; a few count as practice-specific electives.
MDIV WORKSHEET

Requirements: The Master of Divinity degree requires 72 semester hours (SH) of required and elective courses, with a cumulative grade point average of 2.5. Students have six years in which to complete the Master of Divinity degree unless an extension for special circumstances is granted by the Academic Council.

Gateway Courses (15 hours)
To be taken in the first two years of a student’s M.Div. studies.
- Gateway to Theological Education and Formation
- Gateway to the Practice of Interpreting the Bible
- Gateway to the Practice of Interpreting Christian Tradition
- Gateway to Theological Reflection
- Gateway to the Practice of Entrepreneurial Leadership

The Practices (45 hours)
Three courses for each practice, selected from designated course offerings.

INSPIRE: Worship, Preaching and Interpreting the Christian Faith (9 hours)
- INSPIRE:XXX
- INSPIRE:XXX

Students completing Clinical Pastoral Education (CPE) may apply the 6 credit hours in one of the following ways: (a) 3 hours in the LOVE practice area and 3 hours in the LIVE practice area; (b) 3 hours in either the LOVE or LIVE practice area and 3 hours in Other Course Offerings; or (c) all six hours in Other Course Offerings.

Other Course Offerings (9 hours)
These credit hours may be selected from among those designated under The Practices or from other course offerings.
- 1.
- 2.
- 3.

Supervised Ministry Internship (1 hour)
Students will serve in a one-year Supervised Ministry Internship. Ministry sites will include a range of opportunities—congregations, denominational and judicatory settings, and community agencies—and provide students with a breadth and depth of experience in the particularities of that ministry site and its context.

Those pursuing ordination should consult their ordaining body to determine if additional years of Supervised Ministry are required.

Cohort Learning (2 hours)
Students will participate in a cohort group every semester at CTS.

TOTAL CREDIT HOURS: 72 HOURS
Master of Arts of Clinical Mental Health Counseling (MACMHC)

The Master of Arts in Clinical Mental Health Counseling provides professional preparation for students from diverse backgrounds to practice counseling, care, and psychotherapy in a multicultural and pluralistic society. The MACMHC program’s objectives are the development of a professional identity grounded in a variety of theoretical orientations, with an emphasis on relational and depth psychological perspectives; the integration of spiritual/theological and cultural reflection in line with CTS’s commitment to social justice, diversity and advocacy; and the development of core counselor competencies.

The MACMHC degree meets State of Indiana academic requirements for licensure as a Mental Health Counselor. It is aligned with CACREP standards and the professional orientation of the American Counseling Association (ACA). An approved training program of the American Association of Pastoral Counselors (AAPC), the program also prepares students for certification as pastoral counselors without requiring ordination.

OBJECTIVES

Objective 1: Development of Professional Identity Grounded in a Variety of Theoretical Orientations, with an Emphasis on Relational and Depth Psychological Perspectives

The program enables students to develop their professional identity through self-reflective and professional experiences in the classroom, the counseling room, the space of supervision, and the community. Professional identity is guided by content and ethical standards of the counseling profession and grounded in a variety of theoretical orientations, with an emphasis on relational and depth psychological perspectives. It is informed by current research, for instance, on mother-infant interaction, neuroscience, and counseling processes. Students will develop their professional identity within the context of the larger mental health care landscape and through active engagement with the counseling profession and its organizations.

Objective 2: Integration of Cultural and Spiritual/Theological Reflection

Cultural and spiritual/theological reflection is part of all components of the program and expresses CTS’s commitment to social justice, diversity and advocacy. Students will become aware of how their own emotional, cognitive, sociocultural, and spiritual development shapes their own professional identity. Students will have skills for respectful and appreciative interaction with clients from diverse cultural and spiritual/theological backgrounds in clinical practice. Through a variety of experiences in the classroom, in supervised clinical work, and in the community students will develop competence in the integration of cultural and spiritual/theological reflection into clinical practice, demonstrated in a capstone presentation at the conclusion of the degree.

Objective 3: Development of Core Counselor Competencies

Students will develop core counselor competencies of the counseling profession by applying theories and skills in clinical practice that support social justice and advocacy. The acquisition of core counselor competencies will be assessed through core studies in mental health counseling over the span of the program, regular supervision evaluations in supervised clinical experience, and a final capstone presentation.

HIGHLIGHTS

• MACMHC students are exposed to a wide variety of clinical situations including crisis and trauma counseling; in-depth psychoanalytically oriented psychotherapy with individuals who want a change in life beyond the important initial relief of symptoms; counseling with children, teens, couples and families; addictions counseling; group counseling; depression screenings and the development of psychoeducational groups.

• The CTS state-of-the-art counseling facility includes a Play Therapy Area. This offers students a unique opportunity to nurture healing in children—a rewarding, intuitive process that can help children in ways regular therapy cannot.

• The MACMHC degree meets academic requirements for licensure as a mental health counselor in Indiana. Licensure reciprocity agreements between states often apply.

• The MACMHC degree prepares students for certified membership in the American Association of Pastoral Counselors. It is guided by CACREP standards and the professional orientation of the American Counseling Association (ACA). An approved training program of the American Association of Pastoral Counselors (AAPC), the program also prepares students for certification as pastoral counselors without requiring ordination.

• Spanish-speaking students may opt to provide therapy for our Spanish-speaking clients, enlarging the student’s client base while providing an immersive opportunity to grow exponentially in the language. This is attractive to future employers.

Grounded in a relational understanding of human psychological and interpersonal dynamics, the program enables students through clinical practice and theological/spiritual reflection to facilitate mental health and to effectively engage psychological, socio-cultural and existential concerns. Students seeking in-depth preparation for mental health work with individuals and groups emphasizing theological/spiritual integration in a variety of settings are encouraged to apply to this program.

REQUIREMENTS

Applicants to the Master of Arts in Clinical Mental Health Counseling need to have an average 2.7 GPA in their undergraduate or prior graduate studies. The program requires 69 semester hours (SH) of required and elective courses, with a cumulative grade point average of 2.7. Courses marked with an asterisk (*) are prerequisites for practicum.

The time to complete a degree depends on the number of hours taken each semester. Typically, full-time students complete the degree over three and a half years, by enrolling in nine semester hours during each fall and spring semester in addition to at least one term of summer supervised clinical experience in the final portion of the degree. Some students complete the degree in three years. Students have six years in which to complete the Master of Arts in Clinical Mental Health Counseling degree unless an extension for special circumstances is granted by the Academic Council.

Students are required to complete a minimum of 400 hours of direct service to clients of clinical mental health counseling, of which at least 10 hours must be group therapy, and receive at least 100 hours of individual and group supervision.

Students conclude their degree by completing a Capstone Presentation as described in section D below.

While CTS makes every effort to be in compliance with the requirements of specific licensure boards (LMHC, LPC) and professional credentialing bodies (CACREP, AAPC), students must take individual responsibility for monitoring and meeting licensure and credentialing requirements that may change between admission and graduation and may vary from state to state.

Note: The 400 hours of direct client-contact hours fulfill the 1,000 hours of supervised clinical experience requirement of Indiana State licensure for the LMHCA and LMHC and fall into three portions: the first 40 direct service hours to clients fulfill the 100 hour “practicum” on the licensure application and correspond to COUN P-820; the next 240 direct service to clients fulfill the 600 hour “internship” on the licensure application and correspond to COUN P-821, COUN P-822, COUN P-823, the last 120 direct service hours to clients fulfill the 300 hour “advanced internship” on the licensure application and correspond to COUN P-824.

D. INTEGRATION AND COMPETENCY ASSESSMENT (0 SH)

Requirements for Capstone – Capstone is normally taken concurrent with COUN P-824 Advanced Internship. Students must have completed 280 hours of client contact hours prior to taking the Capstone. Course authorization is required.

TOTAL CREDIT HOURS: 69 HOURS

PERSONAL COUNSELING
All students are expected to receive psychotherapy during their program. Weekly personal therapy is a prerequisite for practicum admission. Personal therapy with a gifted clinician assists student therapists in working through problem areas in their own lives that may adversely affect clients and their own participation in an emotionally challenging training program; it provides a unique training experience that helps students understand the process of exploring the depth and interrelationship of intrapsychic and systemic features of human life.

Christian Theological Seminary’s Counseling Center provides quality care for clients, students, faculty and staff in a state-of-the-art facility located on the seminary campus. The facility includes:
- Twenty private counseling rooms
- Child and Play Therapy area
- Personal meditation area
- Viewing rooms for supervision
- Space for professional and academic conferences
- Full ADA compliance

Master of Arts in Marriage and Family Therapy (MAMFT)
Provides theological and professional preparation in marriage and family therapy. The program is one of two accredited by the Commission on Accreditation of the American Association for Marriage and Family Therapy. It is approved by the American Association of Pastoral Counselors, and the MAMFT degree meets State of Indiana academic requirements for licensing of marriage and family therapists.

One of two counseling degrees offered at CTS, the Master of Arts in Marriage and Family Therapy (MAMFT) provides theological and professional preparation in marriage and family therapy that meets State of Indiana academic requirements for licensing of marriage and family therapists. The coursework provides a blend of psychological and theological study with clinical practice that results in the ability to minister to families and individuals mentally and spiritually.

The CTS Counseling Center offers MAMFT students another distinct advantage: conveniently completing their practicum and resident hours on campus in the state-of-the-art CTS Counseling Center. Students enjoy the ease and benefit of time invested in networking and taking coursework toward graduation while seeing clients, without the need to go elsewhere for this portion of the degree requirement.

The MAMFT program can be taken jointly with the Master of Divinity (MDiv) program for the MDiv/MAMFT.
HIGHLIGHTS

- MAMFT students are exposed to a wide variety of clinical situations including crisis counseling, premarital counseling, couples counseling, children and teens in family counseling, depression screenings and the development of psychoeducational groups.

- Among the many features of our state-of-the-art counseling facility is the Play Therapy area, providing unique opportunities to nurture healing in children through a rewarding, intuitive process.

- Spanish-speaking students may opt to provide therapy for our Spanish-speaking clients, enlarging the student’s client base while providing an immersive opportunity to grow exponentially in the language. This is attractive to future employers.

- The MAMFT is accredited by the Commission on Accreditation for Marriage and Family Therapy Education of the American Association for Marriage and Family Therapy. The training program is one of two programs in the nation accredited by COAMFTE and approved by American Association of Pastoral Counselors.

- The program was one of eight programs in the nation selected to participate in the AAMFT MFT Core Competencies Beta Test Group 2005-2007, which studied new MFT outcome measures and ways to effectively teach competencies to MFT students in a changing educational paradigm.

- Students in the program receive at least 100 hours of individual and group supervision in practicum; at least 50 hours of that supervision is based on direct observation, video tape or audio tape.

The Master of Arts in Marriage and Family Therapy requires 69 semester hours of required and elective courses, with a cumulative grade point average of 2.7. Students must complete 500 hours of marriage and family therapy with clients, of which at least 250 must have more than one other person in the room. All students are expected to receive psychotherapy during their program.

Postgraduate Residency in Supervised Counseling
Indiana licensure laws for Licensed Marriage and Family Therapist and/or Licensed Mental Health Counselor require a two-year supervised clinical experience following graduation. A candidate for licensure cannot qualify to sit for the license exam without this experience. CTS offers a postgraduate residency aimed at meeting the state licensure requirements and helping the graduate establish a viable clinical practice. Applicants are accepted from CTS masters programs and from academic programs at other approved universities and graduate schools.
The Master of Theological Studies (MTS) degree is the ideal choice for a person preparing for doctoral studies; a lay leader desiring to improve his or her ability to serve a congregation or community; or a person wishing to pursue a passion for deeper knowledge and understanding. The insight and expanded view of theology gained through the MTS program can be applicable to nearly any walk of life, from attorneys to artists to lay leaders. This degree is excellent preparation for doctoral studies.

The MTS degree offers students a solid foundation in biblical, historical, theological and cultural studies, balanced equally with an in-depth study in one selected area. Diverse course offerings provide students with the opportunity to explore, for example, world religions, theological ethics, spirituality, the arts, the environment, religion and science, or religious anthropology.

As a part of their program, MTS students are required to participate in two colloquia designed specifically for the degree program that focus on a condensed special topic and assist students in developing research methodologies. Some recent examples of colloquia include:

- Forgiveness
- Mysticism and Contemplative Religion
- Nature, Art and Religion
- Theology and the Sciences of Human Experience

The MTS degree culminates with the writing of a thesis under the close direction of a faculty advisor. This degree is open to all who are interested in exploring religion, regardless of religious affiliation or practice.

**HIGHLIGHTS**

- Students have the opportunity to study with nationally and internationally recognized scholars.
- The MTS offers a high degree of flexibility, offering students a voice in designing a curriculum that incorporates their personal interests and passions.
- The rigors of the MTS curriculum, as reported by graduates, prepare students for the written and reasoning demands of a doctoral program.
- Students will have the support of dedicated faculty, committed to helping them do their best work throughout the thesis process.

**REQUIREMENTS**

The Master of Theological Studies requires 48 semester hours (SH) of elective and required courses, with a cumulative grade point average of 2.7.

The time to complete a degree depends on the number of hours taken each semester. Students taking twelve credits per semester can complete the degree in two years, while those carrying lighter loads will take longer. International and domestic students who have completed significant prior graduate coursework or equivalent, including research methods, may apply for a twelve month MTS track with two nine hour semesters of course work and a thesis. Students have six years in which to complete the Master of Theological Studies degree unless an extension for special circumstances is granted by the Academic Council.

Note: Students focusing in Bible must demonstrate competence in a relevant biblical language. They may substitute biblical language coursework for one of the General Studies courses.

**MTS WORKSHEET**

**GENERAL STUDIES (27 HOURS)**

Taken from general courses including all Practice of Ministry areas with designation MTS Adaptation Area I, II, or III (each designated course will list which one of the Areas of the MTS that the course will fulfill), which can be adapted to the M.T.S. student’s practice of critical reflection, research, etc., in consultation with the instructor.

**FOCUSED RESEARCH (9 HOURS)**

9 hours selected from advanced courses with a view towards identifying a thesis topic and pursuing focused thesis research or project development.
The MACM degree program is aimed at students interested in theological study at the seminary level for development as a leader in the church and community, for personal growth and for integrating theological reflection and Christian practices with other professions.

DEGREE REQUIREMENTS
The MACM requires 48 semester hours of required and elective courses with a cumulative GPA of at least 2.5. If you study full-time, you can complete the degree in two years. If you study part-time, you should complete the degree in four years. (The Academic Council may grant extensions for special circumstances.)

Students who begin in the MACM degree may extend their studies by applying to transfer into the MDiv degree. In most cases, credit awarded under the MACM degree will count toward the MDiv degree.

☐ General Elective _____________________________

☐ General Elective _____________________________

THESIS AND ORAL EXAMINATION
There are two options for fulfilling the final project.

OPTION 1: An M.T.S. student may write a thesis with a clear focus that demonstrates the student’s capacity to do independent research, to work creatively and discerningly with the major materials relevant to the thesis topic, and to write in an appropriate, scholarly and engaging style. The thesis should be at least 50 and no more than 100 typed double-spaced pages.

OPTION 2: An M.T.S. student may create a final integrative project as educational presentations, artwork, or a portfolio of interrelated papers written for focus area courses, but these “alternative” formats should include a written statement of at least 10 pages demonstrating an integrated understanding of focus area issues.

• In all cases, the student will present the project to the advisor and two other faculty members, who will, on the basis of an oral conversation with the student about the project, assign the grade for it.

• At least four weeks prior to the end of the semester the student must submit a final draft to the advisor for final critique and decision as to whether to recommend the thesis to committee.

• At least two weeks prior to the end of the semester three copies must be submitted to the thesis /project committee

OBJECTIVES OF THE MASTER OF ARTS IN CLINICAL MENTAL HEALTH COUNSELING (MACMHC)

Objective 1: Development of Professional Identity Grounded in a Variety of Theoretical Orientations, with an Emphasis on Relational and Depth Psychological Perspectives

The program enables students to develop their professional identity through self-reflective and professional experiences in the classroom, the counseling room, the space of supervision, and the community. Professional identity is guided by content and ethical standards of the counseling profession and grounded in a variety of theoretical orientations, with an emphasis on relational and depth psychological perspectives. It is informed by current research, for instance, on mother-infant interaction, neuroscience, and counseling processes. Students will develop their professional identity within the context of the larger mental health care landscape and through active engagement with the counseling profession and its organizations.

Objective 2: Integration of Cultural and Spiritual/Theological Reflection

Cultural and spiritual/theological reflection is part of all components of the program and expresses CTS’s commitment to social justice, diversity and advocacy. Students will become aware of how their own emotional, cognitive, sociocultural, and spiritual development shapes their own professional identity. Students will have skills for respectful and appreciative interaction with clients from diverse cultural and spiritual/theological backgrounds in clinical practice. Through a variety of experiences in the classroom, in supervised clinical work, and in the community students will develop competence in the integration of cultural and spiritual/theological reflection into clinical practice, demonstrated in a capstone presentation at the conclusion of the degree.

Objective 3: Development of Core Counselor Competencies

Students will develop core counselor competencies of the counseling profession by applying theories and skills in clinical practice that support social justice and advocacy. The acquisition of core counselor competencies will be assessed through core studies in mental health counseling over the span of the program, regular

MISSION OF THE MASTER OF ARTS IN CLINICAL MENTAL HEALTH COUNSELING (MACMHC)

The Master of Arts in Clinical Mental Health Counseling provides professional preparation for students from diverse backgrounds to practice counseling, care, and psychotherapy in a multicultural and pluralistic society. The MACMHC program’s objectives are the development of a professional identity grounded in a variety of theoretical orientations, with an emphasis on relational and depth psychological perspectives; the integration of spiritual/theological and cultural reflection in line with CTS’s commitment to social justice, diversity and advocacy; and the development of core counselor competencies.

Master of Divinity/Master of Arts in Marriage and Family Therapy (MDiv-MAMFT)

The MDiv/MAMFT joint degree program requires 111 credit hours and a cumulative GPA of 2.7. Students in this degree program will meet educational requirements for ordination (from denominations requiring an MDiv degree).

Students must complete 500 client contact hours of marriage and family therapy, of which 250 hours must have more than one person in the room, plus 100 hours of supervision.

Students are eligible for the X-999 exam only after the completion of P-634 (Theological Perspectives of Pastoral Care). The X-999 paper must address all rubrics required of the X-817 seminar, the theological understanding of the student’s marriage and family therapy ministry, and demonstrate fulfillment of the cross-cultural requirement. Students are responsible for the denominational requirements required for ordination.

The Master of Arts in Marriage and Family Therapy requires 69 credit hours of required and elective courses, with a cumulative grade point average of 2.7.

MDIV-MAMFT WORKSHEET

Requirements: The dual Master of Divinity/Master of Arts in Marriage and Family Therapy degree requires 111 semester hours (SH) of required and elective courses, with a cumulative grade point average of 2.7.

The expected completion for the dual degree program is 6 years with 9 years as the deadline for completion of the degrees unless an extension for special circumstances is granted by the Academic Council.

Students are responsible for such denominational requirements as are required for ordination.

Students must complete 100 alternative clinical hours before entering practicum (50 alternative hours total completed in taking PS20 and P522, with an additional 50 alternative hours possible from CPE, or additional options approved by MFT Program Director). Then, while enrolled in practicum students will complete 400 client-contact hours of which 200 hours must be marriage and family hours. A total of 250 relational hours need to be completed including pre-practicum and practicum hours.

The MAMFT is accredited by the Commission on Accreditation for Marriage and Family Therapy.

III. Cohort Learning (3 hours)
Supervised Ministry Internship (1 hour)
Students will serve in a one-year Supervised Ministry Internship. Ministry sites will include a range of opportunities—congregations, denominational and judiciary settings, and community agencies—and provide students with a breadth and depth of experience in the particularities of that ministry site and its context.

Those pursuing ordination should consult their ordaining body to determine if additional years of Supervised Ministry are required.

Cohort learning (2 hours)
Students will participate in a cohort group every semester at CTS.

B. STUDIES IN MARRIAGE AND FAMILY THERAPY
Courses marked with an asterisk (*) are prerequisites for practicum.

Students may select courses of their preference when options exist to create a general emphasis. Students interested in a social justice emphasis will take COUN P-646 Family and Larger Systems and COUN P-711 Children and Adolescents in Families. In the second year of Practicum, students will be placed in a community setting working with people marginalized by socioeconomic and cultural discourse.

I. Theoretical Foundations of Marital and Family Therapy (6 hours)

X. Professional Formation and Mentoring

Students will be assigned a faculty mentor who will mentor the student in niches of Family Therapy and professional development. In addition, all students will be assigned to an MFT student who will serve as a peer mentor. At the beginning of Practicum, MFT students will be assigned an MFT buddy who may or may not be the same person as the peer mentor.

THE COUNSELING CENTER

Christian Theological Seminary Counseling Center provides quality care for clients, students, faculty and staff in a state-of-the-art facility located on the seminary campus. The facility includes: twenty private counseling rooms, Child and Play Therapy area, personal meditation area, viewing rooms for supervision, space for professional and academic conferences, full ADA compliance.
Doctor of Ministry (DMin)

The Doctor of Ministry (DMin) degree program at CTS is an advanced course of study for those engaged in professional ministry broadly understood. The program provides leaders with an opportunity to integrate their experience in ministry with advanced academic study and develop new skills for more effective ministry.

The DMin degree program requires the successful completion of 30 credit hours of course work. Three seminars (9 credit hours total) are required of all DMin students; the remaining seven courses (21 credit hours) are elective courses chosen by the student in consultation with his or her advisor.

Ordinarily, course work in the DMin program is completed through regularly offered, week-long intensive seminars offered on the CTS campus. Each course includes at least eight weeks of preparation before, and four weeks of independent study following the seminar.

Course work may also be completed through independent study with a CTS faculty member; adaptations of advanced course work in other CTS degree programs; courses taken at another ATS-accredited DMin program; and immersion study experiences related directly to the student’s area of focus and approved by the CTS DMin Director. Strict guidelines govern these alternative ways of completing DMin course work.

PROJECT IN MINISTRY

The DMin degree also requires the successful completion of a Project in Ministry under the direction of a CTS faculty member. The project must be of publishable quality, exhibit solid academic research, and include mature theological reflection on the practice of ministry. Candidates for the DMin degree must successfully complete an oral defense of the project before a committee of three readers, typically members of the CTS faculty.

LENGTH AND COST OF THE PROGRAM

Most students are able to complete the course work for the DMin degree in three-and-a-half years. All requirements for the degree—including the Project in Ministry and its defense—must be completed within six years of matriculation.

The cost of the DMin program for those matriculating in 2015-2016 is $13,000, payable in four equal annual installments of $3,000 due by September 1 of each year and $1,000 at the time the student submits his or her Project in Ministry. The cost of books and expenses related to participating in the week-long intensive seminars (housing, meals and travel) are not included in the cost above, but economical arrangements can be made through the seminary.

APPLICATION PREREQUISITES

Successful applicants to the CTS DMin program will meet all of the following minimum pre-requisites:

- An earned MDiv or its educational equivalent from a theological school accredited by the Association of Theological Schools. (Note: CTS defines “educational equivalent” to mean at least 72 hours of graduate study, including substantial coursework in Bible, history and theology, and the arts of ministry)
- At least three years of experience in ministry broadly understood, and active employment in ministry at the time of application
- A cumulative grade point average in all previous academic work of at least 3.0 on a 4.0 scale
- For applicants whose native language is other than English, proficiency in the English language as demonstrated by a score at least 90 on the internet-based Test of English as a Foreign Language (TOEFL) or a 600 on the paper-based exam.

AREAS OF FOCUS AND FACULTY RESOURCES

The DMin program at CTS offers four areas of focus, or “tracks:”

- Preaching and Worship
- Pastoral Care (not a licensure program)
- Transformational Leadership
- Biblical Studies for Ministry

Though members of the full-time, regular faculty at CTS may share in the teaching responsibilities, most courses are taught by affiliate faculty who are scholar-practitioners recruited specifically to teach in the DMin program. All will have terminal degrees in ministry and related disciplines, and demonstrated excellence in religious leadership.
Doctor of Philosophy (PhD) in African American Preaching and Sacred Rhetoric

OUR CAUSE
To research, develop, and expose the untold treasures of the unique and indigenous American art form of African American preaching, in order to ignite a preaching renaissance to revive Christianity in America in the 21st century.

OVERVIEW
The PhD program in African American Preaching and Sacred Rhetoric aims to develop practitioner-scholars with critical awareness of:

- The history of African American preaching and other forms of sacred rhetoric in the United States
- The theologies informing this history and practice
- The signature skills involved in the practice of African American preaching and sacred rhetoric,
- The gifts these traditions can offer the wider, global church, especially European American churches in North America.

The concept of the “practitioner-scholar” is key to the program. The program is geared toward producing practitioner-scholars deeply connected to the church and the academy (though not necessarily via tenure-track, full-time professorial positions). Graduates will be equipped to engage in scholarship from the perspective of their location in ministry, applying PhD-level research and analysis to the issues and possibilities that emerge in practice.

Though shaped by African American cultural values, the program brings African American traditions into dialogue with European American (and other) approaches.

Read the handbook for the PhD in African American Preaching and Sacred Rhetoric here.

COURSE WORK
All students must complete 14 courses (42 credit hours), including nine required courses and five electives.

The required courses are:

- Research Methods and Doctoral Writing in Preaching and Rhetoric
- History and Theology of African American Preaching 1750-1917
- History and Theology of African American Preaching 1918-present
- History and Theology of Preaching in Europe, North America, and the Global South
- Homiletical Theory, Rhetorical Theory, and African American Preaching
- African American Preaching, Theology, and Communicative Expression
- Contemporary Pedagogical Methods
- Rhetoric of the Torah, Prophets and Writings and African American Preaching
- Rhetoric of the Gospels and Letters and African American Preaching

In addition to these courses, a student may take up to two 3-hour blocks of Guided Research.

Note that the program emphasizes cohort-centered learning, with personal advisors assigned to each student. Instruction involves face-to-face intensives on the CTS campus with some online engagement.

Course Offerings

Advanced Yoga & Spirituality 2 — LIVE P688/COUN P688
Tools for Mental and Spiritual Well-Being - This course builds upon the previous course on the insights and tools of Yoga and Spirituality 1. In addition to deepening the student’s understanding of the theory and practices of yoga, including asana (postures and movements), pranayama (breath control and energy modulation), meditation, prayer, and ethics, this course focuses on sequencing principle and other teaching techniques for each of the elements. It is practice and teaching focused. Students will continue to develop their own personal practice of each of these resources as well as learning techniques for teaching others. The goal of this course is the integration of the practice and theory of yoga with the practice and theory of Christianity. This course can be taken for furthering one’s own spiritual formation, as well as the second course in a series of three courses to complete a 200-hour Yoga Teacher Training certification with an emphasis upon Christian spirituality. Prerequisite: Yoga and Spirituality 1. 3 Credit Hours.

Advanced Yoga & Spirituality 3 — LIVE C698 / COUN P698
Tools for Mental and Spiritual Well-Being — This course builds upon the previous courses on the insights and tools of Yoga and Spirituality 1 and Advanced Yoga and Spirituality 2. In addition to deepening the student’s understanding of the theory and practices of yoga, including asana (postures and movements), pranayama (breath control and energy modulation), meditation, prayer, and ethics, this course focuses on sequencing principle and other teaching techniques for each of the elements. Students will continue to develop their own personal practice of each of these resources as well as learning techniques for teaching others. There is also a final project that includes a teaching demonstration. It is designed by the student demonstrating both competence in yoga knowledge as well the integration of the practice and theory of yoga with the practice and theory of Christianity. This course can be taken for furthering one’s own spiritual formation, as well as the final course in a series of three courses to complete a 200-hour Yoga Teacher Training certification with an emphasis upon Christian spirituality. Prerequisites: Introduction to Yoga and Spirituality, and Advanced Yoga and Spirituality 2.

Aging and the Family — COUN P525
Clinical and theological perspectives on developmental, systemic and cultural aspects of aging.

Augustine and his Legacy — LEAD-T807
Students will critically engage primary sources from Augustine, as well as relevant secondary sources, to determine how his theological ingenuity influenced Western Christian notions of sin, redemption, history, the self, and Trinitarian theology. 3 Semester Hours.

Gateway to the Practice of Entrepreneurial Leadership — GATE LEAD
Engaging “entrepreneurial” approaches toward a generous Christianity: biblically, historically, and theologically grounded and drawn from innovative church and community leaders working in changing, diverse contexts.

Gateway to the Practice of Interpreting Christian Tradition — GATE TRAD
Building on the work in previous Gateway courses, this course explores the history of Christianity from its beginning to the present, focusing on broad patterns in its life and thought. Particular attention will be given to the development of the main branches of the church, key theological developments and the incarnation of Christianity in various contemporary cultural contexts. Students will develop historical awareness of the Christian Tradition—including their own places in it—in order to deepen their theological reflection and strengthen their leadership in Church and community ministries.

Gateway to the Practice of Interpreting the Bible — GATE BIBL
This course is designed to help students draw on the Bible as a conversation partner in helping interpret God’s presence and purposes. By the end of the course, the student should be able to identify what biblical texts ask readers to believe and do. The student can then bring this perspective into conversation with other resources for helping interpret God’s presence and purposes. Towards these ends, the course will help students recall and reflect critically on their embedded histories with the Bible in their personal lives and in the contexts of their communities. It Gateway Practice Interpreting Bible encourages students to describe and reflect critically on how the Bible functions in different patterns of thinking about God and life. It will help students to become familiar with the main periods, characters, places, and events of the stories of Israel and Jesus and his followers as told within the Bible. It will lead students to identify the historical development, characteristics of the major theological families in the Bible. It will stress the importance of interpreting biblical texts in such a way as to respect their historical otherness. It will expose students to historical, literary, ideological, and theological methods for interpreting the Bible for preaching and teaching. It will offer students strategies for coordinating their own convictions with possible implications for living and witnessing. As a “Gateway Course” in the M.Div. curriculum, an overarching goal is to provide the basic knowledge and vocabulary necessary for participants to engage biblical dimensions of their subsequent M.Div. studies.

Gateway to the Practice of Theological Reflection — GATE THEO
Engagement with voices from the Bible, tradition, experience, and contemporary theology towards articulating a clear, compelling, coherent theological vision relevant to contemporary issues.

ACADEMIC STANDING
A student is found to be in good standing when he or she is making continuous progress toward the degree program of choice and is achieving at least the minimum grade point average for his or her program each semester. A student whose cumulative GPA falls below the minimum for his or her degree will be placed on academic probation and the Academic Dean will become the students’ advisor. While he or she is on probation, the student may not enroll in any courses with-
out the permission of the Academic Dean. The student may enroll for a maximum of 9 credit hours while on probation. Each semester while on probation, the students’ GPA for the semester must not fall below the minimum for the program. Failure to achieve the minimum GPA for the program while on probation will result in dismissal. Probation will be lifted when the cumulative GPA reaches the minimum for the program.

**ATTENDANCE**
Students enrolled in classes are expected to attend. A student who misses more than 25 percent of the class sessions does not receive credit for that course. For more information on attendance policies, contact the Academic Dean.

**AUDITING**
Christian Theological Seminary welcomes and encourages lifelong learners to audit classes at a steeply discounted rate. CTS students who are full-time (9 credit hours or more) and/or their spouses may audit additional hours during the same semester without paying an audit fee. The instructor’s permission is required in order to audit a course.

Auditing status means that a student enrolls for the course, attends class and accepts the professor’s requirements for the audit. Audits are listed on transcripts, but credits are not issued toward a degree. To discontinue the audit, the student must officially withdraw from the course. A shift from audit to credit normally cannot be made after the second week of class and requires the professor’s and the academic dean’s permission, along with the payment of additional tuition. Credit status may be changed to audit status at any time within the first 12 weeks of classes. When a student changes status from credit to audit, credit fees are refunded according to the refund schedule and the audit fee is applicable for students dropping under nine credit hours.

**GRADE APPEALS**
Any student has the right to appeal a grade to the Academic Dean. Such an appeal should be made in writing and must state clearly why the student believes the grade is unfair. A student dissatisfied with the dean’s decision may appeal that decision to the Academic Council.

**INCOMPLETE WORK**
Students may request a temporary incomplete grade for work not completed by the end of the semester due to serious illness or major emergencies. Incompletes must be submitted and approved before the last day of regular instruction, according to the date established on the academic calendar.

**REPEATING CLASSES**
A student may retake any class for which he or she earned a grade of C (2.0) or lower. Once retaken, the original grade no longer calculates into the GPA but is retained on the transcript as a record of the class being attempted.
