IN CASE OF AN EMERGENCY AT CTS

- **911:** Call 911 for all medical and fire emergencies.
- **Butler Police:** 317-940-9999
- **Butler Facilities:** 317-940-9393

Annual Security and Fire Safety Report

Based on their requirements, some reports of criminal activity are not reported but kept on file in a separate crime log that is kept in the Office of Student Operations. This log is public and is available for review by contacting F. Ward Logan, Interim Vice President of Finance and Operations, at WLogan@cts.edu. Butler University also maintains a separate crime log that includes all of the Butler properties. This log is also public and is available for review through a request to the [Butler University Police Department](#).

Weather Emergency

In case of tornadoes or other dangerous storms, seek shelter immediately. Head to the Undercroft or other basement areas away from windows. Listen for instructions over the CTS public announcement system or watch the website for information. See the CTS student handbook for complete instructions.

Active Shooter Response

CTS Campus Security is managed by the Butler University Police Department. Quickly determine the best way to protect your life: Run, hide or fight to incapacitate the shooter (only as a last resort!). See the [Butler Active Shooter Response page](#) for further info.
